*This inherent power possessed by the Cause of Baha'u'llah is visible even in the fledgling efforts of a Baha'i community learning to serve humanity and promote the Word of God. And though the world society foreshadowed in His Revelation is of course far distant, communities that are earnestly learning to apply His teachings to their social reality abound. How immensely blessed are those souls who, alive to the greatness of this Day and the significance of their actions, strive for the emergence of a society shaped by the divine teachings.*
